What’s New in Science Express?

- **Starting the 2019-2020 school year, Science Express will switch its Monday and Wednesday delivery schedules.**

  - Please remember to check your district’s calendar that you will be in session for both a Science Express delivery day as well as the pick-up day. Thank you.

- Science Express will hold a New Equipment and Labs workshop here at Purdue on Thursday, February 21st. This workshop will cover equipment and labs that have been added since the summer training workshop and refresher. You can register by February 14th here: [https://goo.gl/forms/3Im3mLHmRfo0yOTi52](https://goo.gl/forms/3Im3mLHmRfo0yOTi52)

- Users of Physics of the Electric Guitar. Slick new lab; re-written and revised. Check it out!

Teachers please tell your top juniors about the Summer Science Program (SSP), one of the oldest and most transformative research-based, precollege STEM opportunities. SSP selects participants from around the world for a 5½ week immersion experience in either **Astrophysics:** asteroid imaging and orbit determination, or **Biochemistry:** enzyme inhibition and drug discovery.

Working in teams of three, participants will take original data, analyze it, and write a report. Faculty support students every step of the way. Field trips and guest speakers round out the jam-packed schedule. Here is a video of students speaking about their SSP experience: [SSP Video](https://summerscience.org/)

Host campuses include Purdue, Univ. of Colorado Boulder, Univ. of California San Diego, and New Mexico Tech.

Admission is very competitive, but our criteria are holistic. We value diversity in every dimension and we guarantee to meet the need of every admitted applicant. Financial aid is available for low-income families. Here is a link to the SSP website: [https://summerscience.org/](https://summerscience.org/)

**Upcoming Events**

- 1/24 – New teacher training, 8:30am @ Purdue
- 2/15 – Lockbox Workshop @ Purdue
- 2/21 – Science Express New Equipment and Labs Workshop @Purdue
- 3/9 – AP Biology-Lab Investigation #3 Workshop, 9:30-3:00 @ Purdue
- 4/6 – AP Biology-Lab Investigation #9, 9:30-3:00 @ Purdue
- 6/25 – Science Express Recertification Training, 8:30-3 @ Purdue
- 7/15 - Science Express Recertification Training, 8:30-3 @ Purdue
- 7/16-18 – New Teacher Training, 8:30-3 @ Purdue

**Happenings**

- Purdue Biology Outreach and the Indiana Association of Biology Teachers (IABT) are offering weekend workshops on AP Biology Labs. You can get more information from this [link](https://summerscience.org/).

  - Spring 2019 AP Friday lab sessions are now available to sign up! To reserve your classes click this [link](https://summerscience.org/).

  - Lockbox teacher PD on using lockboxes in the science classroom here at Purdue 2-15-19. This is a free workshop for any interested teacher. To make your reservation click this [link](https://summerscience.org/).

  - Science Express New Teacher workshop will be held here at Purdue July 16-18. A reservation form will be made available in the coming months.

  - Science Express Recertification workshop will be held here at Purdue on July 15th.
