What’s New in Science Express?

- Please remember we require a one week notice on all equipment request – NO EXCEPTIONS.
- We still have a lot of teachers that have not filled out their teacher information forms. It can be found HERE.
- Also, a lot of teachers have not emailed us their Statement of Assurances yet.
- Please be aware that our radioactive source supplier has changed their alpha emitter construction. They are thin cardboard now. Probably easier to go missing, but we shouldn’t have the metal disks falling out anymore.
- There will be an abbreviated new teacher training on January 24th here at Purdue. This will only cover Vernier equipment and basic Science Express procedures. Please RSVP HERE.

Upcoming Events

- 10/13 – “Chemistry of Fire” Chemistry show, 10:30-11:30 @ Wetherill 200
- 1/24 – New teacher training, 8:30am @ Purdue
- 6/25 – Science Express Recertification Training, 8:30-3 @ Purdue
- 7/15 - Science Express Recertification Training, 8:30-3 @ Purdue
- 7/16-18 – New Teacher Training, 8:30-3 @ Purdue

Happenings

- Purdue Chemistry Lecture Demonstrator Paul Smith will host his annual Chemistry Demonstration show on Saturday, October 13th at 10:30-11:30 in Wetherill 200. This year’s show is titled “Chemistry of Fire” and is free and open to the public.
- The summer 2019 Science Express recertification and new teacher training dates are set. There will be teacher recertification workshops on June 25th and July 15th. New teacher training will be July 16-18. The registrations are not up and running yet, but we wanted to give everyone as much notice as possible.
- Please find Science Express and like us on Facebook: @PurdueSE
